Gettysburg Sales Days Are Pronounced Huge Success By 82 Participating Merchants

Gettysburg's "Sales Days," held Friday and Saturday, were pronounced a "tremendous success" by the great majority of the 82 participating merchants.

The customers' response to the merchandise offerings was far greater than the most optimistic merchant association official anticipated.

"The success of our first sales days venture is far beyond anything we have ever dared to hope for," said Charles Bender, president of the Retail Merchants Association, today.

Had Good Business
"When our customers started arriving in Gettysburg early Friday morning I felt pretty assured that the two-day affair would be a success. Excellent business continued throughout Friday and Saturday and by and large every merchant was well repaid for his efforts."

Hundreds of awards were made by individual merchants at nine o'clock Saturday night. These prizes were given by the merchants to winners among their own patrons. The grand prizes, awarded in the square Saturday night, were won by the following:

Television set: Mrs. Robert Rein-dollar, Fairfield.
\$50 in merchandise: Fred Krim-bring, Breckenridge street.
\$25 in merchandise: C. G. Bucher, Biglerville.

End table: Guy Hartman, Route 3.
Expanded Publicity
Greater publicity was given to the affair than to any previous similar sales event. This was due to the additional promotional work that emanated from radio station WGCT which flashed several score announcements preceding the affair into an extended area beyond Gettysburg's normal trading area. This was in addition to the regular promotion features of newspaper publicity and movie trailers. The Gettysburg Times published a 28-page promotion edition the day before the event.

The town was attractively decorated for the two-day program. In addition there were several other attractions including: Clara-bell, famous television clown, sponsored by Martin Shoe store; Mr. Peanut sponsored by Planter Nut and Chocolate company; the Old Gold box that dances on television; the transparent car, sponsored by H and H machine shop, Pontiac dealer; the original Aunt Jemima, sponsored by Gilbert's food market.

The antique car display in the southwest corner of the square attracted more than passing interest. Donates Apple Juice
The C. H. Musselman company, Biglerville, gave away apple juice to thirsty shoppers.

There was free parking for customers on the Codori parking lot, in the rear of the first block of York street, on Friday.

Several manufacturers gave away samples of their product during the two days.

The committee in charge of the affair, representing the Retail Merchants Association, comprised: Charles Bender, John D. Lippy, Jr., Harold Wentz, Stover Small, William Jacobs and Frank Hower, secretary of the association.

OVER 200 VISIT COUNTY HOME

More than 200 attended the "visiting day" Saturday at the county home under the auspices of the Adams County Home auxiliary.

While the accent was on the visitation with the guests at the county home, a band concert by the York Springs band and a festival at which various articles and food were for sale were also held.

M. P. Hartzell, who acted as treasurer for the festival, reported income of \$131.65.

Income from a fancy work booth operated by the Women of the Moose and the Eagles auxiliary was \$52.15, including donations of \$11.50 and the sale of donated articles for

Bendersville Firemen Open Annual Carnival This Evening

Beginning this evening, and continuing each evening this week, the Bendersville Community Fire company will hold its annual carnival in the company's hall and park.

Bigger and better is the slogan, and if preparations are any criterion, this event will be the largest and most diversified of any yet staged by the Bendersville firemen. For the first time professional entertainers will participate.

Having just completed a tour of the south, the Scotland Rides Carnival company has been engaged and will provide entertainment each evening. Their equipment includes a ferris wheel.

On Wednesday evening an additional professional feature will be the Martinez Trained Animal Cir-

cus, dogs, cats, monkeys and goats. Music for the occasion will be furnished by Adams and York county bands, and more than 100 prizes will be awarded.

A large variety of refreshments, including cakes and pies, will be available.

Bendersville businessmen, appreciating the many and varied services rendered by the firemen beyond their primary function, that of extinguishing fires, have united to make this year's carnival an outstanding success. Pending the completion of the Upper Adams Jointure's new school building in Bendersville, the firemen provided accommodations in their hall for the school during the first half of the 1950-1951 term.

Communists Want Allies To Change Buffer Zone Stand; Hint They Will Not Budge

Munsan, Korea, Aug. 13 (AP)—The chief Communist armistice negotiator said tonight Korean truce talks "will not make any progress" unless the United Nations changes its demands on where to create a buffer zone.

The statement from North Korean Lt. Gen. Nam Il was broadcast by the Red Pyongyang radio ten hours after he had again refused to change his own demands.

The Red position is so firmly fixed that in Monday's negotiation session Nam Il rejected a United Nations statement as "not satisfactory" as soon as it was delivered.

Had Prepared Paper
And, a U. N. communique said, Nam Il made the rejection while "speaking from a previously prepared and translated paper."

In the Pyongyang broadcast Nam Il called on the U. N. delegation "to change its attitude" and "to take into consideration our demands" for a buffer zone along the 38th parallel.

He said if the Kaesong truce negotiations are to "make any progress at all" U. N. delegates must "change their distorted demands they have made up to now."

U. N. spokesmen have made it clear that the Allies will not consider a demarcation line on the 38th parallel. They say the Reds must change their stand if negotiations are to progress.

No progress was made in today's one hour and 20 minute session—the 13th devoted to the same question.

Communist delegates again rejected every United Nations attempt to break the deadlock.

Opposing representatives could not even agree on where their armies are.

Their next session, scheduled for 11 a.m. Tuesday (8 p.m. Monday EST) will find them right back where they started.

A U. N. spokesman said the Red generals refused again Monday to take-step the deadlock and talk about something else. They ignored a U. N. invitation to express their views on a demilitarized zone based on the present battle line. And they again insisted on a buffer zone along the 38th parallel.

Study Two Maps
The difference in view of present battle positions became apparent when Vice Adm. C. Turner Joy, chief U. N. delegate, introduced a map comparing the Allied and Red concepts of the fighting front.

Brig. Gen. William P. Nuckols, U. N. briefing officer, said they were in general agreement but there were some differences—"particularly in the center and on the flanks." Joy noted they were practically the same on parts of the line.

North Korean Lt. Gen. Nam Il, head of the Red delegation, had introduced a map the preceding day showing the Red concept of the front. His map compared this with (1) The Allied view of a demilitarized zone based on the present battle line and (2) the 38th parallel as a demilitarized zone.

This morning an autographed baseball from Connie Mack and members of the Philadelphia Athletics was received and will be sold later. Persons interested in purchasing the ball are asked to get in touch with Mrs. William Harbaugh, Biglerville.

Members of the Kitchenettes wore their red and white checkered uniforms while assisting. Men who aided were read and white checkered ties and white chefs' hats. Red geraniums in red and white checkered pots were used as table decorations.

A financial report will be announced later.

made on the two right wheels and safely hop over on the two left wheels in the process of entering one of the main streets.

The lunatic fringe gave this a good try Sunday night with spectacular results. This maneuver may afford a better basis for judging but it is hardly possible to make a fair decision without delicate instruments that would permit measurement.

No Decision Verdict

That left but one other measure, speed, but Baltimore, Carlisle, Chambersburg or York street after the jallopy was again on four wheels. This again came to a no-decision verdict because the speed was too great to estimate.

The nearly half-hour show came to an end when someone blew a whistle that sounded like a police whistle. No pursuit was made and it was the general consensus of opinion by the amazed audience that some uninspired citizen acted on his own.

Anyhow, it broke up the show for a time but a number of the boys who found themselves at the opposite end of the town from a direction of their home locations gave the square a final zoom on their way home.

INDIANS STAND ALONE AT TOP OF AMERICAN

By JOE REICHLER
(Associated Press Sports Writer)

Cleveland's Indians stood alone atop the American league today, enjoying a game and a half lead over the New York Yankees — and all along the circuit they were whispering, "poetic justice."

That's not what Manager Casey Stengel of the Yankees believes, though.

We were the victims of rotten luck," he said. "Nothing more." Stengel was referring to yesterday's second game 7-4 loss to the Athletics in Philadelphia. The A's also won the opener, 9-5, to sweep the doubleheader from New York. The double loss, coupled with Cleveland's 7-1 triumph over the Chicago White Sox, for their 10th straight win, snapped the Yankees-Indians first place tie.

Recall July 27 Game Stengel had a point, too. His Yankees actually had a 9-7 lead following a five-run rally in the top of the eighth when play was halted and the score reverted back to the seventh inning. Pennsylvania has a Sunday 6:00 p.m. (EST) curfew law. Since the Athletics did not bat in their half of the eighth, the Yankees' five runs were wiped off the records. That made the A's the winners.

The Yankees' sorry plight brought to mind a game between the Yankees and Chicago in New York July 27. The Yankees led, 3-1, as the White Sox went to bat in the ninth. Chicago tallied three times to go ahead 4-3. But rain intervened and after an hour's wait the umpires called the game. The score reverted to the end of the eighth. That made the Yankees the winners.

Poetic justice? Perhaps.

Red Sox Win Pair

Boston's third-place Red Sox regained their winning ways, sweeping a pair from Washington by identical 6-2 margins. Hoot Evers punched a bases loaded single in the ninth inning to break a tie and give the Detroit Tigers a 2-1 victory over the St. Louis Browns.

Don Newcombe pitched Brooklyn to a 7-2 victory over the Boston Braves but the Dodgers' first-place lead in the National was reduced to 12½ games as the runnerup New York Giants swept a twin bill from Philadelphia's Phils, 3-2 and 2-1.

The St. Louis Cardinals overcame a 3-0 Cincinnati lead to win 4-3. Pittsburgh and Chicago swapped shutouts. Murry Dickson hurled the I-ties to a 1-0 triumph over Joe Mauer in the opener. The Cubs retaliated when Paul Minner blanked Pittsburgh, 6-0, in the nightcap.

The Yankee-Athletic nightcap ended in rain and darkness amid a welter of confusion. Philadelphia Manager Jimmy Dykes changed Philadelphia pitchers twice in the eighth inning. Alex Kellner made a wild pitch. Catcher Joe Astroth was charged with a passed ball. The Athletics appeared to be using stalling tactics. The Yankees, after going ahead, appeared to be anxious to make out. The game was called before the A's had a chance to take their turn at the plate.

The A's snapped rookie Tom Morgan's eight-game winning streak in the opener, raking the young right-hander for six runs in less than three innings.

3RD TRY WINS SOAPBOX DERBY

Akron, O., Aug. 13 (AP)—Tall, slender Darwin Cooper, 15, a shy boy who built his sleek black racer in the dining room of his home in Danville, Pa., is the hero of the Susquehanna valley today.

The black-browed lad rode to victory in the 14th All-American Soapbox Derby here yesterday to give Pennsylvania its first national champion in the history of the event.

The All-American champ, running under the colors of the Williamsport Sun-Gazette, defeated 140 winners from the U. S., Canada, Alaska and the U. S. zone of Germany.

Darwin's steelworker father, William, his mother, Elizabeth, and a cousin, Donalter, who was second in last year's All-American, were there to watch. While the overflow crowd of 80,000 cheered, Cooper roared across the finish line ahead of Raymond Marconi of Gary, Ind., who placed second, and Paul F. (Freddie) Albright of Jefferson City, Mo., who was third.

The winner still is to decide where he will take the \$5,000 scholarship he won. Said his mother, "I wanted Darwin to become a doctor, but he has his heart set on becoming an auto mechanic. He loves cars. In school his best subject is mathematics."

The boy raced first at Williamsport in 1949, but was beaten in the first heat. Last year he won one heat there. So he spent three months of careful work in the dining room to build his present car.

Sports Roundup

By TED SMITH

New York, Aug. 13 (AP)—Harry Markson, the philosophical and music-loving managing director of the International Boxing club, thinks boxing is in a state of transition.

The reason, of course, is television. Harry won't even try to peer into the future. He is sure there are hundreds of thousands, perhaps millions of boxing fans today who weren't fans five years ago. Television brought boxing into their parlors, and because boxing is a simple, primitive sport they liked it.

Whether there are any more \$1,000,000 gates is a matter of conjecture, but Markson thinks the new found fans are good ones.

Oldest Of All "Outsiders can become experts in boxing," he says. "You can't learn how to follow baseball by seeing six games. They change the rules in football. But there are no rules to change in boxing. It's the oldest of all sports. The only test of a fight is whether it is interesting."

"Some people are worried because television has knocked the smaller fight clubs out, and they're the ones that supplied the fighters for the big shows, such as in Madison Square Garden."

"But I think if there is interest in boxing, and talk about it, kids will want to be boxers. They are attracted by quick money and fame. It doesn't mean they are bullies."

"Take an ordinary fight at the Garden. The net gate is \$15,000. Each main event fighter gets 25 percent. That accounts for \$7,500. (Under New York Commission rules a fighter gets two thirds of the purse, the manager one third)."

Can Produce Boom "The preliminary fighters get \$5,000 in all. That's the minimum under the Boxing Managers' Guild. This leaves less than \$2,000 to pay for the tickets and running the show."

"Now is where television comes in. Out of the TV revenue \$6,000 is added to the purse for the main go. Without television we couldn't open our doors."

"My long range prediction is that television will produce a big boom for sports. It makes many more people sports conscious. But right now it makes tough problems, too."

International League

(By The Associated Press)

Rain washed out half of Sunday's Interstate league schedule Sunday but second-place Allentown climbed to within one and one-half games of league-leading Hagerstown over the week-end.

Allentown went ten innings yesterday before defeating the cellar-dwelling Salisbury A's, 3 to 2, for the Redbirds' 12th straight triumph.

Allentown tallied the winning run on a walk, a single and catcher Ed Polak's hot smash to second base that was too hot to handle.

The Redbirds gained a full game

LOCAL MIDGETS LOSE FIRST 2 TOURNAMENT TILTS

The Gettysburg All-Stars, comprised of players from the local Midget Baseball league, dropped its first two games in the second annual Mason-Dixon Midget Baseball league tournament at York Saturday and thereby was eliminated from further play.

In their first game with Mt. Ranier, Md., the local nine bowed 4-3, a three-run splurge in the first frame giving the Marylanders the decision. Bill Cole secured the only hit for Gettysburg.

Nine miscues contributed heavily to the 12-3 victory gained by Allentown over the All-Stars in their second game of the day. Allentown tallied 10 runs in the first three frames and thereafter the outcome was never in question.

Mt. Ranier became a finalist by downing Greenbelt, Md., 5-2. Other games resulted as follows: York 13, Johnstown 4; York 3, Johnson City, Tenn., 2; Manheim 10, Allentown 1.

York will play Manheim Thursday and the winner will meet Mt. Ranier for the tournament title.

Oldest Of All "Outsiders can become experts in boxing," he says. "You can't learn how to follow baseball by seeing six games. They change the rules in football. But there are no rules to change in boxing. It's the oldest of all sports. The only test of a fight is whether it is interesting."

"Some people are worried because television has knocked the smaller fight clubs out, and they're the ones that supplied the fighters for the big shows, such as in Madison Square Garden."

"But I think if there is interest in boxing, and talk about it, kids will want to be boxers. They are attracted by quick money and fame. It doesn't mean they are bullies."

"Take an ordinary fight at the Garden. The net gate is \$15,000. Each main event fighter gets 25 percent. That accounts for \$7,500. (Under New York Commission rules a fighter gets two thirds of the purse, the manager one third)."

Can Produce Boom "The preliminary fighters get \$5,000 in all. That's the minimum under the Boxing Managers' Guild. This leaves less than \$2,000 to pay for the tickets and running the show."

"Now is where television comes in. Out of the TV revenue \$6,000 is added to the purse for the main go. Without television we couldn't open our doors."

"My long range prediction is that television will produce a big boom for sports. It makes many more people sports conscious. But right now it makes tough problems, too."

Rain washed out half of Sunday's Interstate league schedule Sunday but second-place Allentown climbed to within one and one-half games of league-leading Hagerstown over the week-end.

Allentown went ten innings yesterday before defeating the cellar-dwelling Salisbury A's, 3 to 2, for the Redbirds' 12th straight triumph.

Allentown tallied the winning run on a walk, a single and catcher Ed Polak's hot smash to second base that was too hot to handle.

The Redbirds gained a full game

Cleveland To Honor Bob Feller Tonight

Cleveland, Aug. 13 (AP) — Bob Feller steps up to home plate in Cleveland Stadium tonight to be honored before cheering fans — many of whom booed and cried he was "washed up" only two years ago.

The 32-year-old dean of the Cleveland Indians' pitching staff then goes to the mound against the Detroit Tigers. The first major league hurler this year to win 18 games, he's beaten the Tigers all three previous times he pitched against them this campaign.

But characteristically, Feller's worrying about winning — about keeping Cleveland in the American league lead and extending the team's longest winning string of a decade — 10 games.

"I hope I don't louse up the night with a bad pitching performance," was his first reaction to a night in his honor.

Tom Tatum, ex-Brooklyn Dodger outfielder, is now managing Oklahoma City in the Texas league.

HOGAN SWEEPS TO VICTORY FOR "WORLD" TITLE

Chicago, Aug. 13 (AP) — Little Ben Hogan, the man who dodged a rendezvous with death two years ago, today celebrated his 39th birthday with a \$12,500 present as "World" tourney champion and recognition as the game's greatest stretch-drive player.

Hogan yesterday virtually duplicated his heroic victory finish in the U.S. open last mid-June as he erased a five-stroke deficit on the final round to win by three taps at 15-under-par 273 in the \$50,000 "World" at Tam O'Shanter's gaily bedecked course.

Ben's roading, six-under-par 66 demoralized his good fairways friend, Jimmy Demaret — the stout 54-hole leader — who floundered to a closing 74 for second-place 276 and a \$7,500 prize.

Ben's "World" triumph raised his year's earnings to \$20,400, second only to Lloyd Mangrum, who leads at the moment with \$21,078 in 19 tournaments.

Deadlocked for third at 277 were Pete Cooper and the top finisher among 10 foreign delegates, South Africa's Bobby Locke, who each pocketed \$2,750.

Zaharias Wins Again
A stroke behind at 278 and netting \$2,100 each were Lawson Little and Clayton Heafner, the latter slowing to a closing 73 after trailing Demaret by only three strokes at the three-quarters mark.

Sammy Snead, who has done little since winning the National PGA tourney this year, was deadlocked with Lloyd Mangrum at 280, worth \$1,650 to each.

Top amateur among the 10 Simon-Pures who played along with 64 pros was Toledo's Frank Stranahan with 283.

In the concurrent women's "World," Babe Zaharias exercised her usual title monopoly by winning with a 298, six strokes ahead of Patty Berg. The Babe won \$2,100 in copping the Tam "World" for the fourth straight time. Miss Berg, who was "world" runner-up for the fourth consecutive time, won

ONE HUNDRED YEARS AGO
Sudden Death: On Monday afternoon, Neil Glacken, an inmate of the Almshouse, while on his way to town, was seen to fall suddenly, near the lower end of Carlisle street, and upon attention being directed to him immediately, life was found to be extinct. A Coroner's Jury was summoned by Dr. Charles Horner, and an inquest held over the body, which resulted in the usual verdict, that the deceased had come to his death by "visitation of God." Glacken was advanced in years and had left the Almshouse but a few minutes previously in apparent good health. His death is attributed to apoplexy.—Star.

Another Great Fire at San Francisco: On the 22d of June, another dreadful fire took place in San Francisco, California, which laid in ashes the very heart of the city. The fire extended over ten squares. Five hundred buildings were consumed and the loss is estimated at three millions of dollars! The fire was undoubtedly the work of incendiaries, and several persons have been arrested by the vigilant committee, on suspicion. Crime still prevails to a fearful extent. Indian disturbances are still of frequent occurrence.

Today's Talk

By GEORGE MATTHEW ADAMS

AS YOU THINKETH
There is no doubt that each of us is influenced by the thoughts of others as far back in history as it is possible to go. That should not plague us, however. We were born to think for ourselves, no matter who we are. It's our free privilege. There may be instances where expression is prohibited or censored, but not thought. You can take action on what you can't hear, read, or see!

It is not as the crowd thinks but as YOU think that is the important thing for you in life. You may be wrong in that thinking but it makes you feel good that it is free and that its process belongs to you, and to you alone. Of course in the free world thought is also free—that is, the expression of your thought.

It is to the free expression of the thinkers of the world that we owe what liberty and progress we have. Throttle thought and you put the brakes upon human progress and happiness. We owe a great debt of gratitude to our philosophers, scientists, inventors, discoverers, explorers, teachers and statesmen. These are to us our cue to independent thought.

As you and I thinketh, so do we live, plan, build, and healthily function. But it is only by happy reasoning and intelligent thought that we do function healthily. Not everyone realizes the power that thought exercises. Rightly directed it could change the world! Darwin's book on the "Origin of Species" influenced the thought of the entire world.

Tom Paine was so imbued with the thought of freedom and liberty that he cried it aloud in many countries, and wherever it thrived that was his country. He had great faith in the power of thought, so much so that he early gained the ear of George Washington, who urged him to inspire his troops.

Few people read the written thoughts of Thoreau during his lifetime, but since his death he has become a universal thinker and philosopher, known in many a country, the essence of his entire life thought having centered itself within the realm of nature. Nature was his Heaven and his Earth.

Tomorrow Mr. Adams will talk on the subject: "God's Great Parlor."

POURTRAIT
An artist friend long dead and gone
Painted my portrait, pleasing to but one—
Himself, I'm sure—or possibly to two.
The other me; to no one else I knew.

"That isn't you" devoted friends exclaimed.
"Not you at all, although 'tis nicely framed."
They fell to arguing, each one to insist,
On what he saw in me the painter missed.

All had opinions different; eyes and nose.
One even said: "Like that you never pose."
"Perhaps," I said, "the gentle artist drew
A picture of the man he thought he knew."

I wondered do I know myself at all?
Am I that man in canvas on the wall?
Since no two on my portrait can agree,
How many individuals must I be?

90 CADETS TO BE DISMISSED

West Point, N. Y., Aug. 13 (AP)—The army was holding firm today in its stand that here will be no honorable discharges for cadets found guilty of violating the military academy's honor code.

There has been a strong movement, launched last week by Head Football Coach Earl (Red) Blaik, to allow the accused cadets to leave the academy without the stigma contained or implied in other forms of dismissal.

A restatement of the army's position came yesterday with an official announcement that final hearings should be completed early this week on the 90 cadets facing dismissal for cribbing on examinations.

"The action we are to take has been approved by the Department of the Army and the President himself," said Col. James B. Leer, the academy's public information officer. He added:

"There can be no deviation from the statement made last week by the superintendent, Maj. Gen. Frederick Irving."

Irving had said that cadets admitting guilt under oath would be given a chance to resign. Those refusing to resign, he said, would be discharged by administration order.

FRENCH CABINET MEMBER SLAIN

Orleans, France, Aug. 13 (AP)—Pretty Yvonne Chevallier was formally accused today of the murder of her war-hero husband, Pierre Chevallier, just a day after he became a member of the new French cabinet.

The formal charge was lodged by an examining magistrate here after an inquiry into the shooting yesterday of Dr. Chevallier, 42, who just had been named secretary of state for technical education, youth and sports in the new cabinet of Premier Rene Pleven.

French authorities had ordered a sanity test for the wife, but there was no indication yet whether a psychiatrist had examined the black-haired woman.

Mrs. Chevallier, a handsome woman in her late thirties, called police to her home and was quoted by them as announcing: "I have just killed my husband." Investigators said she told them she and Chevallier had quarreled, as they often had before, about his frequent absences from home on political business. She said that when he told her he wanted a divorce, she shot him five times.

Police said Evans was attempting to pass Naylor when Naylor attempted to pass the car ahead of him. Damage to Naylor's car was \$25, when Evans' vehicle struck the rear fender. Damage to Evans' car was \$250. After it struck the Naylor vehicle, the Evans car ran off the road and struck a rock.

Damage was \$300 when two cars collided Sunday morning at 10:45 o'clock at the Cross Keys Intersection. Police said David Honoroff, 69, of Miami, Fla., stopped at the stop sign on the Hanover-York Springs road, and then, while attempting to read signposts, let his car move out onto the Lincoln highway, colliding with a car driven by Helen E. To Hold Early Rites Tuesday

Washington, Aug. 13 (AP)—Stephen T. Early, press secretary to two Presidents, will be buried in Arlington National cemetery tomorrow morning.

Early died Saturday of a heart attack. As a World War I veteran he was eligible for burial in the National cemetery where lie many of this country's great military and naval heroes.

Early was close friend and press secretary for President Franklin D. Roosevelt. He stayed on for a time after Roosevelt's death to help President Truman through his early White House days.

Funeral services will be held at the Washington National Cathedral at 9 a.m. (EST) and burial will follow at 10:30 a.m.

Mrs. Early has asked friends not to send flowers. She suggests that those wishing to do so make contributions, instead, to the Washington Heart Foundation.

They devote long hours of work in preparation for calls to fires, and at fires they operate skillfully to put out the conflagration.

"Through their efforts the number of fires has been decreased. They give of their time to help make people more fire-conscious and as a result prevent numerous fires."

More than 3,000 were present for the dedication program. Vernon G. Rife, president of the New Oxford Fire company, gave the address of welcome; Rev. George E. Sheffer, pastor of the First Lutheran church of New Oxford, the invocation and benediction. H. Alvin Jones was master of ceremonies.

Eighteen fire companies from Adams and York counties and from Maryland took part in the parade. President Rife estimated today, in terming the festival and dedicatory program "a complete success," that approximately \$5,000 was raised by the firemen during the four day festival.

Summer Garden Mulches Save Work And Moisture

It will pay to experiment with garden mulches. There is nothing new about the idea, but the trend of expert opinion among agricultural experimenters favors the use of mulches to replace cultivation. Anything which covers garden soil between plants is a mulch. Experiments have been made with nearly everything including concrete walks laid between garden rows.

One of the most practical and satisfactory mulch materials is lawn clippings. Three to six inches may be piled on the soil around tomato plants, and they will keep the ground moist, while allowing rain to enter. Such a mulch lowers instead of raising the temperature. In applying it a layer two inches thick should be worked into the surface of the soil, and additional material piled on later.

A covering of newspapers laid between the rows will keep weeds down. It can be held down with stones, or wire staples. The layer should be several sheets thick, and laid down wet. Rain will find its way into the soil in the spaces around the plants where the mulch does not fit closely. When hot, dry weather prevails the old paper can be removed and a new layer laid down after the ground has been thoroughly soaked.

Mulches of fresh organic material, such as manure, straw, alfalfa, peat moss, and others, stabilize the granular structure of soils and prevent surface compaction. In testing various mulching materials, it was found that when seeds of Cheiving's fescue grass were sown between plant rows, it produced the same effect as a good manure mulch, at considerably less expense. Light aluminum foil, such as kitchen use, has proved good for mulching commercial vegetable crops. The bright surface reflects the sun and keeps down the temperature of the soil beneath.

Waste lumber is used by some gardeners, to shade the grown between rows. By laying down boards when planting the garden, and walking on them rather than the soil, the ground is kept loose, and by shifting the boards between rows, weeds can be killed without hoeing.

FOOD FACTS ABOUT TOMATOES

In late July and early August the long days of bright sunshine store in ripe tomatoes one of our most valuable supplies of health-promoting and health-protecting vitamin C. Of course, vine-ripened tomatoes contain also traces of other vitamins and worthwhile minerals, but it is for their excellent source of vitamin C that they should be eaten liberally in season and included prominently in the family diet every other day in human bodies cannot store vitamin C; they must eat a food containing it daily.

Nutritionists find that tomatoes grown in greenhouses or even outdoors when days of sunshine are shorter and light less intense may contain less than half as much vitamin C as midsummer-ripened tomatoes. In fact, the gas-ripened tomatoes which urban residents buy from grocery stores from early fall until mid-July are as immature as the hard, green specimens seen on vines two or three weeks before they are normally harvested. Their redness is entirely artificial and their nutritional value scarcely worth carrying home. It is doubtful that their vitamin C worth is more than negligible.

Tomatoes are not an energy-pro-

ducing food. Their principal value, besides their high vitamin C content, lies in their flavor and appetizing effects. Therefore, for persons on reducing diets, tomatoes fully vine-ripened are an excellent source of vitamins and minerals with an exceptionally low caloric count.

Among the other outstanding merits of summer-ripened tomatoes is their ability to retain a major part of their vitamin C store through canning. As a general rule, cooking causes heavy losses of this heat-resisting vitamin. But the acid content of the tomato somehow protects vitamin C from loss by heat and conveys most of this precious property to the can. Too, because they are acid, tomatoes need not be canned under pressure. This means that housewives who do not have modern pressure canners may safely can the tomato when it is at its peak of goodness and vitamin values and thereby retain the crop's major food properties for family use all winter. The same is true when tomatoes are stored in the form of juice.

With the possible exception of the soybean, tomatoes hold a story that out-thrills even the most thrilling works of fiction. Until the life spans of many persons still living tomatoes were considered poisonous. They were called love-apples and grew

SOUTHERN WAR GAMES BEGIN

Fort Bragg, N. C., Aug. 13 (AP) — Exercise Southern Pine war games opened today with a mythical enemy aggressor trying to crash through a defending U. S. force and capture the Raleigh-Durham industrial area. The two-week maneuver involving about 110,000 troops and airmen is America's biggest field training test since World War II. Many of the ground troops will leave for Germany this fall to join Gen. Dwight D. Eisenhower's Atlantic Pact army.

The mock war is being fought in the pine-wooded sandhills surrounding Fort Bragg in south central North Carolina near Fayetteville. Troops and planes of a make-believe enemy have pulled a sneak invasion

Lightning Kills Youth In Shelter

Columbia, Pa., Aug. 13 (AP) — Lightning struck a small bus station, killing Richard Stoner, 14, of nearby Rowenna, and injuring 10 of his 15 companions who had sought refuge from a storm. Two of the injured,

of the South Carolina coast and are moving up toward Fort Bragg. They have aimed an armored spearhead at Raleigh-Durham about 60 miles north of the fort. The maneuver is designed to set up realistic battle-field situations for defending U. S. forces.

Ground troops of both sides have air support. The deputy maneuver commander, Maj. Gen. W. R. Wellfanger, commanding general of the Ninth Air Force, says "air operations in Exercise Southern Pine will demonstrate once more that tactical air forces and army troops are inseparable partners in any successful land campaign." Jet planes also are being used.

The troops engaged include the 28th Infantry Division, the 43rd Infantry Division, and the 82nd Airborne Division.

Charles Winters, 18, and Howard Miller, 15, also of Rowenna, were admitted to Columbia hospital. Authorities there reported they suffered mostly from shock.

The group was on its way home from a picnic when the storm broke yesterday. They told State Police-man Edward A. Hermesky they crowded into a small wooden school bus stop. Lightning struck a nearby locust tree and apparently jumped to the shelter.

Stoner was the son of Mr. and Mrs. Ralph Stoner.

Woman Leader Of Reds, 88, Expires

Quakertown, Pa., Aug. 13 (AP) — Mrs. Ella Reeve Bloor Omholt — world famed for almost a half century as "Mother Bloor," leader of Communist groups and military labor action — died Friday in a convalescent

home here. She was 88. She had been in semi-retirement in recent years, last appearing in the news about a year ago when a congressional investigation disclosed that Harold Ware, her son by her first marriage, was the intermediary who first brought together Alger Hiss and Whittaker Chambers. "Mother Bloor" suffered a spinal injury in a fall at her farm home near Coopersburg, about 40 miles north of Philadelphia, on March 2. She was a patient for several months at Quakertown hospital, but recently was transferred to the con-

valescent home. Death was caused by a stroke, the convalescent home reported.

SENATORS SPLIT ON DOUG ISSUE

Washington, Aug. 13 (AP)—Senators who spent almost two months investigating the dismissal of Gen. Douglas MacArthur have apparently come to an abrupt parting of the way over the need of a report on their findings.

Yesterday Senator Cain (R-Wash.) said daily that he and seven other members of the two inquiry committees, armed services and foreign relations, have already signed a report.

But on Saturday Senator Russell (D-Ga.), who ran the 2,000,000-word hearings, repeated what he has said before—that he thinks no report is needed.

However, Russell told a reporter

back in a junior high school classroom.

But Bobby intends to remain in civies only temporarily.

"I'll have to wait for a while," he said. "But I'll be back as soon as I can."

he would call a meeting of the joint committee soon to make a final decision.

Cain, appearing on an NBC television show, did not identify the senators who he said joined him in his report.

It was learned early last month that Cain was working on a preliminary report blasting President Truman for firing the Far East commander and declaring that MacArthur's Korean war program was "the only positive program" for winning the war.

Cain said then he was representing "six or seven" Republicans.

The words, "Sewer Manager" mean and refer to the person, partnership or corporation from time to time placed in general charge of the sewer system by Gettysburg Municipal Authority.

The word "lateral" means and refers to that section of branch sewer extending from the public street sewer to curbs or property lines.

The word, "sewer," includes natural persons, partnerships, organizations and corporations.

SECTION II. (a) All persons owning any occupied building now erected upon premises accessible to the Sewer System shall, at their own expense, connect such building with the Sewer System within three (3) months after the effective date of this ordinance.

(b) All persons owning any premises accessible to the Sewer System upon which a building is hereafter erected shall, at the time of the erection of such building and at their own expense, connect the same with the Sewer System.

(c) All persons owning any occupied building upon premises which hereafter becomes accessible to the Sewer System shall, at their own expense, connect such building with the Sewer System within (3) months after notice to do so from Borough Council.
